UNAUDITED INTERIM FINANCIAL RESULTS

for the six months ended 30 June 2023

Commentary

Nature of business

CA Sales Holdings Limited ("CA&S" or "the Company" or "the group") is the holding entity of a collective of well-established fast-moving consumer goods ("FMCG") retail solution businesses, operating throughout Southern Africa, offering comprehensive route-to-market services to prominent multinational brand owners, as well as leading national brand owners and manufacturers.

In collaboration with its clients, CA&S transcends boundaries, geographical and otherwise, to propel brands into diverse and expansive retail channels across Southern African markets. The group's primary commitment lies in solving trade impediments, amplifying the presence of categories and brands on retail shelves, and safeguarding and growing clients' market shares. The group's array of services includes warehousing and distribution, retail execution and advisory, retail support, training, and technology and data-driven solutions.

CA&S fosters strategic partnerships, empowering its clients in navigating the complexity of the retail industry in these markets.

Financial highlights

CA&S is pleased to announce satisfying half-year results for the period ended 30 June 2023, which are the result of the deliberate implementation and execution of the group's growth strategy.

Revenue increased by 22.5% to R5.2 billion on the prior interim period (H1 2022: R4.3 billion). Revenue growth was driven by organic growth, acquisitions, expansion into new regions as well as the on-boarding of new clients to the group's portfolio. As a result, gross profit increased by 25.9% to R786.8 million (H1 2022: R625.2 million).

The positive top line growth and the gain on bargain purchase, contributed to the increase of 75.5% in operating profit for the group to R387.0 million (H1 2022: R220.6 million). Headline earnings increased by 24.8% to R172.7 million (H1 2022: R138.4 million). Headline earnings per share increased by 21.5% to 36.5 cents per share (H1 2022: 30.0 cents per share). Earnings per share increased by 108.9% to 63.4 cents per share (H1 2022: 30.3 cents per share).

Total assets increased by 22.4% to R4.5 billion due to the increase in fixed and intangible assets as a result of business combinations as well as working capital due to increased revenue. The strong cashflow generated from operations contributed to a healthy increase in net cash resources from R459.4 million to R590.4 million at 30 June 2023.

The group acquired 100% of the share capital of T&C Properties Namibia (Pty) Ltd and Taeuber and Corssen SWA (Pty) Ltd for R65.0 million, collectively known as the T&C Group. T&C Group is a distribution and retail execution business based in Namibia. As a result of the acquisition, the group increased its market share in Namibia. The transaction resulted in a gain on bargain purchase value of R123.6 million.

No dividend has been declared for the six months ended 30 June 2023 (30 June 2022: nil), as it is the Company's policy to only declare dividends once a year, after its year-end.

Events after the reporting date

The board proposed the implementation of an odd lot offer to facilitate the reduction in the number of odd lot shareholders in a fair manner. The general meeting to obtain shareholder approval for the odd lot offer was held on 26 June 2023, during which both the authority to repurchase shares from odd lot holders and the implementation of the odd lot offer was approved by 99.998% of shares voted. The odd lot offer closed on 21 July 2023 with settlement to applicable shareholders on 24 July 2023.

Outlook

Despite the challenging global economic landscape, marked by adverse conditions and persistent inflation, CA&S remains steadfast in its resilience and strategic positioning. With a robust balance sheet, a widespread geographical footprint across Southern Africa, as well as a portfolio marked by diversification, the group is poised to deliver favourable results throughout the remainder of the current financial year. Its growth strategy of expanding its services to existing and new clients, channel broadening, expansion into new geographies, coupled with value-adding acquisitions, will ensure the group remains firmly on course to attain its growth aspirations.

Interim condensed consolidated segmental results

The group's chief operating decision makers ("CODM"), consisting of the chief executive officer and the finance director, examine the group's performance from a geographical perspective. The group's reportable segments are operating segments that are differentiated by the country of operation. Countries with insignificant results have been aggregated under the heading "other countries" and include Lesotho, Mauritius, Zambia and Zimbabwe.

The group evaluates the performance of its reportable segments based on revenue and operating profit ("EBIT" and "adjusted EBITDA"). The intersegment sales and transfers are included in the values per segment and eliminated on the intersegmental transactions line.

The segments derive their revenue from selling and distributing fast-moving consumer goods as well as services such as retail execution and advisory, transport and retail support and training.

Notes to the condensed consolidated interim financial statements

1. Basis of preparation and accounting policies

The condensed consolidated interim results for the six months ended 30 June 2023, have been prepared in accordance with the framework concepts and the measurement requirements of International Financial Reporting Standards ("IFRS"), the South African Institute of Chartered Accountants ("SAICA") *Financial Reporting Guides* as issued by the Accounting Practices Committee, the financial pronouncements as issued by the Financial Reporting Standards Council, the *Listings Requirements* of the JSE Limited ("JSE"), the information as required by International Accounting Standards ("IAS") 34 – *Interim Financial Reporting* and the requirements of the South African Companies Act 71 of 2008, as amended.

The accounting policies applied in the preparation of the consolidated interim financial results comply with IFRS and are consistent with those accounting policies applied in the preparation of the consolidated financial statements for the year ended 31 December 2022.

The directors take full responsibility for the preparation of the condensed consolidated interim results.

The going concern basis has been used in preparing these condensed consolidated interim results as the directors have a reasonable expectation that the group will continue as a going concern for the foreseeable future. The condensed consolidated interim results have been prepared on the historical cost basis, except for the measurement of certain financial instruments at fair value or at amortised cost.

The financial information is presented in South African Rand (rounded to the nearest thousand), which is considered the reporting currency. The summarised consolidated interim financial results have been prepared under the supervision of the Chief Financial Officer, Mr Frans Reichert CA(SA) and have not been audited or reviewed by the company's auditors. The summarised consolidated interim results for the six months ended 30 June 2023 were approved for issue by the board on 25 August 2023.

2. New and amended standards adopted by the group

Certain amendments to accounting standards and interpretations have been published that are effective for 31 December 2023 reporting periods and have been adopted by the group. These standards are not expected to have a material impact on the entity in the current or future reporting periods and on foreseeable future transactions.

3. Fair value estimation of financial instruments

Financial instruments consist of trade receivables, bank and cash balances and other payables resulting from normal business operations. The nominal value less loss allowance of trade receivables and the nominal value of payables are assumed to approximate their fair values.

4. Business combinations

On 2 January 2023, Wutow Trading (Pty) Ltd, a fully owned subsidiary of CA Sales Holdings Ltd, acquired 100% of the share capital of T&C Properties Namibia (Pty) Ltd and Taeuber and Corsen SWA (Pty) Ltd for R65.0 million, collectively known as the T&C Group. T&C Group is a distribution and retail execution business based in Namibia. As a result of the acquisition the group increased its market share in Namibia. The transaction resulted in a gain on bargain purchase value of R123.6 million.

Transaction costs relating to the acquisition, in the form of Namibia Competition Commissioner and consultants' fees, amounted to R4.2 million. These costs were expenses as per the accounting policy.

The assets and liabilities recognised are provisional amounts and are based on the initial valuations that were performed. The fair values will be finalised within the twelve-month period, by 31 December 2023.

The gain on bargain purchase arose as a result of the fair value of net assets acquired, exceeding the purchase price. The operations were loss making for the past few years and the seller took a strategic decision to exit the Namibia market. The gain on bargain purchase is included in other operating income in the statement of comprehensive income but excluded from headline earnings.

The following table summarises the purchase consideration paid for the T&C Group, the provisional fair value of assets acquired and liabilities assumed, at the acquisition date.

In June 2023, Brand Support Services (Pty) Ltd, an indirect subsidiary of CA Sales Holdings Ltd, acquired all the operations of MarketMax (Pty) Ltd for R11.5 million of which R5.75 million was deferred and will be paid by year-end. Contracts acquired are with clients who retail their brands in the pharmaceutical channel. This acquisition assisted the group to expand into another channel, as per its growth strategy. The valuation of the assets acquired is still provisional and will be finalised within the twelve-month period, by year-end. The provisional value of the intangible assets acquired was R6.6 million, resulting in provisional goodwill of R5.6 million.

Logico Unlimited (Pty) Ltd, a wholly owned subsidiary of CA Sales Holdings Ltd, gained control over Takbro Logistics (Pty) Ltd by acquiring a further 11%, in May 2023, for R0.4 million. The subsidiary was consolidated from June 2023.

6. Income tax

Income tax expense is recognised based on management's estimate of the weighted average effective annual income tax rate expected for the period. The estimated average annual tax rate used for the period to 30 June 2023, excluding withholding taxes of R14.3 million and the non-taxable gain on bargain purchase of R123.6 million, is 26.4%, compared to 27.3% for the six months ended 30 June 2022 (adjusted for withholding tax). The newly acquired T&C Group utilised its assessed tax losses, resulting in a reduced tax expense for the group. The reduction in the South African tax rate from 28% in the prior period to 27% in 2023, ensured a further reduction in the total tax expense.

8. Events after balance sheet date

Odd-lot offer

The board proposed the implementation of an odd-lot offer to facilitate the reduction in the number of odd-lot holders in a fair manner, which resulted in the repurchase by the Company of the odd-lot holdings from the odd-lot holders at the offer price. This will reduce the administrative time and costs associated with the large number of odd-lot holders. Shareholder approval was obtained in June 2023 at the General Meeting and the repurchase of the shares amounted to R0.7 million paid to odd-lot holders on 24 July 2023. This resulted in a reduction of 4 131 shareholders.

9. Dividends

Annual dividend declared and paid in the reporting period was R72.7 million (H1 2022: R54.3 million). No dividend has been declared for the six months ended 30 June 2023 (30 June 2022: nil), in line with the group's policy to only declare dividends once a year, after year-end.
