

## Report on review of condensed consolidated financial information

To the shareholders of Absa Bank Botswana Limited

### Introduction

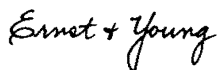

We have reviewed the accompanying condensed consolidated statements of financial position of **Absa Bank Botswana Limited** and its subsidiaries (the Group) as at 30 June 2021 and the related condensed consolidated statements of comprehensive income, changes in equity and cash flows for the six-month period then ended, and notes, comprising a summary of significant accounting policies and other explanatory notes ("condensed consolidated interim financial information") set out on pages 4 to 28. Management is responsible for the preparation and presentation of the condensed consolidated financial interim information using the framework principles, recognition and measurement principles of International Financial Reporting Standards and ensure the condensed consolidated financial information contains the presentation and disclosures required by International Accounting Standard 34, "Interim Financial Reporting". Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

### Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial information as at and for the period ended 30 June 2021 is not prepared, in all material respects, in accordance with the framework principles, recognition and measurement principles of International Financial Reporting Standards and does not contain the presentation and disclosures required by International Accounting Standard 34, "Interim Financial Reporting".
