TRADING STATEMENT FOR HALF YEAR ENDED 30 JUNE 2026

In line with Section 5.4c of the Listing Requirements of the Botswana Stock Exchange (BSE), issuers must publish a cautionary announcement as soon as they are satisfied that a reasonable degree of certainty exists that the expected profit or loss (before tax) for the period to be reported upon next will differ by at least 10% from the financial results for the previous corresponding period.

The gross profit has increased between 25% to 35% or P24.3 million to P34.0 million from the P97.2 million reported for the half year ended 30 June 2025.

Accordingly, the shareholders of Engen Botswana Limited are advised that the profit before tax for the half year ended 30 June 2026 will be between 415% to 420% or P41.5 million to P42.0 million respectively higher than the P10.0 million reported for the half year ended 30 June 2025.

The profitability of the group improved during the period mainly due to the increase in the wholesale margin that awarded to the industry and adjustments that were made to the transport recovery element of the slate.

Shareholders are advised to exercise caution when trading in the Group's securities until such time as a detailed announcement is made. Summary results for the half year ended 30 June 2026 are expected to be released by 29 September 2026.
